WORD "LIAR" HURLED STRAIGHT AT TEDDY

Senator Bailey Enraged at Reports as Published.

CONTROVERSY REACHES CLIMAX

Correspondents Are Also Liars, Asserts Bailey on Floor of Senate. Strong Words by Bailey Made Deep Impression on His Colleagues.

Washington, May 18.—The controversy over the rate bill negotiations came to a sensational climax Wednesday when Senator Bailey, of Texas, rose to a question of personal privilege and denounced as a malicious, deliberate and unqualified lie certain publications in two administration organs designed to reflect upon the sincerity of his support of rate legislation. He denounced the writers of these newspaper stories in the same unparliamentary but vigorous terms, and then turned the batteries of his attack upon the source of the stories, whatever it may have been.

"I denounce," Senator Bailey said, "the man who inspired the statement as an unqualified, deliberate and malicious liar, whoever he may be, and however high the office he holds."

Mr. Bailey made it perfectly clear that he believed the slander upon him emanated from the white house. "It seems to me conclusive that his slander proceeds from the white house," he said. "I hope for the honor of my country that it does not proceed from the president himself. But he be a man of high sense of honor will see to it that senators are not slandered by his subordinates, and he miserable wretch who communicated to these newspapers and who brought through them to communicate to the country a slander on me which people might discuss, rather than these issues that have been raised. He is unfit for his high office, and the man who perpetrated that infamy will pay for it with his position, and if the man continues to hold his office, it is to be assumed that what he has done has been done with the approval of his chief."

Coming, as this did, upon the heels of the sensations of the past five days, his arraignment on the part of the senator from Texas, has made a profound impression upon official Washington, which has been greatly stirred by the controversy that has raged between ex-Senator Chandler and the president, and by the collateral issues brought to the front in that controversy.

It is the theory of Senator Bailey's friends that the stories which he took such strenuous objection were deliberately handed from the white house in the hope of diverting attention from the charge that the president, in joining hands with Senator Aldrich and other Republican leaders, had surrendered his position on the rate bill.

Fall Broke His Neck.

Indianapolis, Ind., May 18.—John Truitt, aged 23 years, employed as a driver for the C. A. Schrader company, met instant death in a friendly scuffle with Rutherford Fulton, another employe of the same concern. They were pinching each other in their cuffs and Truitt suddenly jumped backward. In doing so he missed his footing and fell against a dray wheel with head striking with such force that his neck was broken.

Mother of Sextuplets.

Columbus, O., May 18.—Mendel Wilder, of this city, has been informed that his agent, Mrs. Pearl Isaacs, of Freiburg, Austria, recently gave birth to six children, three boys and three girls. The message stated that they were all in good health.

Fatal Steam Pipe.

Menominee, Mich., May 18.—By the bursting of a steam pipe in the mill of the Wells Lumber company, Noah McDonald, night watchman, was killed, and Engineer Bush and Fred Johnson so badly scalded that they are considered doubtful.

SEA LEVEL CANAL.

Senate Committee Votes Against the Lock Waterway.

Washington, May 18.—The decision of the senate committee on interoceanic canals is in favor of a sea level canal across the isthmus of Panama.

Senator Carmack's return from Tennessee gave the sea level advocates a majority of one vote, and consequently Chairman Mallard was the only one of the minority faction who attended the meeting. There was no other business before the committee, and it remained in session just long enough to authorize Senator Kittredge to make the report to be presented to the senate as soon as the minority may have an opportunity to prepare their views for a lock canal.

Two reports will be made at the same time. The vote was had on a resolution presented by Senator Kittredge, declaring it to be the sense of the committee that a sea level canal be constructed.

Chairman Mallard voted in the negative. Senators Knox, Hopkins, Simmons and Dryden were not present. All of these are supporters of the lock type.

Mormon Church Selling Holdings.

Salt Lake City, May 18.—The Mormon church is going out of business, according to a local morning paper. Its principal holding in Salt Lake, the Utah Light and Railway company, is to be taken over by a \$25,000,000 corporation, composed of English and American capitalists. The new company will also acquire the Ogden street railway and build a line from Juan county, Utah, to Oneida county, Idaho. The board of directors will include H. H. Vreeland, of New York city; Baron d'Ossel, of Paris; Sir Thomas Jackson, of London; Alex McKenzie, of Ottawa, Canada; Beresford Hope, of London, and a number of Utah men. Simultaneously the announcement is made that the Los Angeles and Salt Lake railroad, another church property, has been sold to a local syndicate for \$300,000.

Maniac Aboard Yacht.

New York, May 18.—The Herald says that standing at the companionway of the yacht Atreus, owned by Geo. W. Childs and Drexel, of Philadelphia, tied up at South Brooklyn, John Neilson, a seaman, suffering from religious mania, with a revolver in hand, compelled the little crew of five men to remain below deck from Tuesday evening, until Wednesday. For eight hours, Neilson by the light of a lantern, read passage after passage from the Bible. The terrified men, unarmored, locked themselves in the cabin. John Larsen, boatswain's mate, managed to make his escape from the yacht and telephoned the police.

Large Plant is Destroyed.

Charlotte, N. C., May 18.—The plant of the South Atlantic Waste company, located in the northern suburbs of the city, was partially destroyed by fire Wednesday night. The waste house, where the fire originated from an unknown cause, was burned, together with six thousand bales of waste, and the main plant and much valuable machinery was badly damaged. The loss will reach \$250,000 nearly covered by insurance.

Mother and Son Convicted.

New Haven, Conn., May 18.—Mrs. Ida J. Jennings and her son, Herbert W. Taylor, were convicted Wednesday of murder in the second degree for killing Joseph E. Jennings, the husband of Mrs. Jennings, on the night of April 1, in the Haven woods near their home. Both were sentenced to life imprisonment by Judge Roraback.

\$50,000 Fire Loss.

Monument Beach, Mass., May 18.—A fire swept through the summer settlement here Wednesday. Twenty-four cottages and the New York, New Haven and Hartford railroad station were destroyed. The loss is estimated at \$50,000.

Tennessee Jurist Dying.

Nashville, May 18.—Chancellor A. G. Hawkins, one of the state's most eminent jurists, died at his home in Huntington, Tenn., Thursday morning. He is said to have been poisoned by eating raspberries.

MRS. JEFF DAVIS NEAR DEATH'S DOOR

Distinguished Patient Is Slowly Sinking.

AT A HOTEL IN NEW YORK CITY

Attending Physician Says She Is Now Suffering with Pneumonia and on Account of Her Age Hopes of Her Recovery Are Faint.

New York, May 18.—Mrs. Jefferson Davis, wife of President Jefferson Davis, has suffered a relapse and early Thursday her condition was said to be serious.

During the morning hours resort was had to the use of oxygen. Mrs. Davis, who is advanced in years, has been failing recently and about two weeks ago experienced an attack of the grippe which for a time alarmed her friends. Later, however, she showed marked improvement, and recently was declared to be out of danger.

Wednesday night there was a decided change for the worse and Dr. Wylie, who was hastily summoned, remained for several hours with the patient, and at his orders Mrs. Davis' respiration was aided with oxygen.

Mrs. Davis' daughter, Mrs. Addison Hayes and other relatives, are almost constantly at her bedside.

Mrs. Davis celebrated her eightieth birthday on Monday two weeks ago.

On that day she went for a drive and contracted a cold.

Dr. Robert Wylie, who is attending Mrs. Davis, said that she is now suffering from pneumonia.

After a sinking spell early Thursday, she revived and slept for several hours, but owing to her advanced age, hopes of her recovery are faint.

Mrs. J. Addison Hayes, her daughter, said that her mother was more comfortable, but was not out of danger.

Cotton Seed Meal as Food.

Atlanta, May 18.—Wednesday's session of the Interstate Cotton Growers' association included the transaction of much business of both special and general interest. The address of Professor J. H. Cannell, of Dallas, on "Cotton Seed Meal as a Human Food," proved a surprise to very many of the members of the association in showing the many practical values of cotton seed as a product for the general family dinner table. He said "a combination of cotton seed meal with other recognized breadstuffs will greatly enrich the flours and meals now in use, while at the same time decreasing their cost to the consuming public."

Read and Discussed Papers.

Philadelphia, May 18.—The church congress, composed of Episcopal clergy and laity, devoted Thursday to the reading and discussion of papers. "Ideal of God" was the topic dwelt upon in papers read by the Rev. Dr. A. Holland, of St. Louis, and the Rev. Dr. R. W. McCau, of Alexandria, Va. Addresses by Bishop Grier, of Memphis, and Rev. Stuart Means, of New Haven, Conn., followed the reading of the papers.

Commutes Sentence of Woman.

Trenton, N. J., May 18.—The Court of pardons has commuted the sentence of Mrs. Anna Valentina to life imprisonment. Mrs. Valentina was under sentence to be hanged at Hackensack on May 25 for the murder of Rosa Salva.

Ohlsen Burned to Death.

Boston, May 18.—Edgar Clark, of Cleveland, O., second mate of the schooner Hagamora, of Boston, was burned to death while fighting a fire on board the vessel in his cabin. The fire was extinguished by a fireboat.

Diagnose and Death.

Wheeling, W. Va., May 18.—Finding the diagnosis of a severe case of cholera, Dr. J. H. Smith, of Wheeling, O., put his hand to his forehead and died.

LITTLE GIRL WITH DEAD BABY.

After a 2-Mile Walk To Hospital She Is Informed Brother Was Dead.

Chicago, May 18.—At the end of a weary 2-mile walk, Rosa Goldberg, 8 years old, laid her one-year-old brother down at the county hospital Wednesday and asked in broken English that he be admitted for treatment.

The clerk looked at the baby's face and then at the girl in wonder. The infant was dead.

Rosa is the daughter of Joseph Goldberg, a shoemaker, who came from Russia three months ago. The baby was taken with measles and whooping cough, and neighbors prevailed upon the family to have it taken to the hospital.

It required considerable explanation to persuade the girl that the baby was past medical aid, and could not be received. Then she quietly lifted up the body and started for the door. The hospital authorities with difficulty convinced her this would not do, and that the body must be taken to the county morgue.

Strikers on Rampage.

New York, May 18.—A cable to the Herald from Cagliari, Sardinia, says: Strikers Wednesday forced many of the inhabitants to put out flags at half mast. They burned the Octori houses and wrecked the railroad station, custom house and slaughter house. They took up the tramway tracks and threw many cars into the sea. Bread and food are lacking. Two of the mob who were wounded Tuesday, died on Wednesday, and three others are dying. Among the soldiers twenty more were wounded Wednesday in conflicts with the strikers. Disorders have broken out in other towns on the island. Octori and railway stations have been burned, telegraph wires cut, and the poles destroyed.

Nothing Final Accomplished.

Memphis, May 18.—Two days have already been consumed by the convention of Brotherhood of Locomotive Engineers, in committee of the whole, considering the Chicago and Great Western suspension, but nothing of a final nature has yet been accomplished. It was said before today's meeting was called to order, that a vote would probably be taken on the matter before adjournment this afternoon. The opinion is freely expressed by delegates that the convention will vote in favor of a continuance of suspension.

Had Little Work To Do.

Columbia, S. C., May 18.—The democratic state convention met her Wednesday and was organized by the election of J. William Thurmond, of Edgefield, as permanent president. Other than adopting a platform and mapping out the rules and regulations for the conduct of the approaching primary election, the convention had little to do other than routine work. The platform adopted inveighs against trusts and favors tariff revision.

One Steamer is Chartered.

Macon, Ga., May 18.—As a result of the efforts of President Small and the members of the Macon chamber of commerce, freight hauling over the Ocmulgee will begin June 1. On that date a freight steamer will start from the wharf here loaded for Brunswick. This steamer will be operated until it is known what success the new traffic will meet and more steamers will then be put on.

Entertained Prince of Wales.

London, May 18.—The lord mayor and corporation Thursday entertained the Prince and Princess of Wales at the Guild Hall, and presented them with a congratulatory address in commemoration of their Indian tour. The reception was presided by the usual procession through decorated streets. About 500 persons sat down to the banquet at the guild hall.

Dead in His Chair.

Parkersburg, W. Va., May 18.—While attending a regular meeting of Parkersburg No. 1 Tribe of Ben Hur in this city, T. B. Smith, aged 71, a lodge deputy, of Portsmouth, O., dropped dead in his chair of heart disease. His wife and daughter were seated at Portsmouth, O.

COTTON COMPRESS BURNS IN MACON

Two Thousand Bales of Cotton Consumed by Fire.

FIRE LOSS WILL REACH \$500,000

Packing Houses Situated Near Compress Were at the Time of the Conflagration Thought To Be in Some Danger of Being Destroyed.

Macon, Ga., May 18.—Fire at 8:30 o'clock Thursday morning destroyed the plant of the Atlantic Compress company at the Central depot on Fifth street.

Two thousand bales of cotton stored in the compress building were consumed.

In addition to the plant and its contents of the Compress company the equipment of the Central of Georgia railway, worth approximately one thousand dollars, was burned.

The total losses resulting from the fire are estimated at half a million dollars.

At one time the various packing houses, which are situated near the compress, were thought to be in danger, but the firemen after hard work succeeded in getting the fire under control.

The Atlantic Compress company is said to be the property of the Central of Georgia Railway.

Contract Awarded to Build Steamer.

Jacksonville, Fla., May 18.—The Merrill-Stevens Shipbuilding company has just landed a contract to build a side-wheel steamer for Polk & Co., of New York, to be used in the cattle trade at Buenos Ayres, Argentine Republic. The steamer will be 185 feet long, 51 foot beam, and will have a depth in the hold of seven feet. She will have a capacity of 200 tons on a 36-inch draft. This makes the sixtieth vessel this firm has constructed in Jacksonville. They are now building two steamers for trade in Cuban waters; both are nearing completion.

Presbyterians in Session.

Decatur, Ill., May 18.—The twenty-sixth annual meeting of the Cumberland Presbyterian general assembly was called to order here Thursday by the stated clerk, Rev. J. M. Hubbard, of Marshall, Mo., who presided because of the absence of the moderator. Four other ex-moderators took part in the introductory services, Dr. S. M. Templeton, of Clarksville, Tex.; Dr. J. B. Grider, of Kentucky; Dr. Bushnell, of Illinois, and Dr. Black, of Missouri. All these are prominent advocates of union.

Two Valuable Gifts.

New York, May 18.—Two anonymous gifts, making a total of \$325,000 to the Union Theological seminary, were announced at the annual luncheon of the alumni of the seminary. It is understood that this money will be used in covering part of the expense of the erection of a new building for the institution on Morningside heights. A department of comparative religion in connection with Columbia university is planned for the near future, it is said.

Time Limit Not Extended.

Birmingham, Ala., May 18.—The general conference of the Methodist Episcopal church, south, Wednesday afternoon adopted, by an overwhelming majority, the minority report of the committee on itineracy opposing any extension of the time limit of pastors. The majority of the committee had reported in favor of extending the limit from five to six years. The report precipitated a long debate, which was quite acrimonious at times.

Dr. Tigert Elected Bishop.

Birmingham, Ala., May 18.—Dr. John J. Tigert, secretary of the general conference of the Methodist Episcopal church, south, was elected bishop by the conference. He received 104 votes out of 273 votes cast. No other bishop was elected.

COUNTY COMMITTEE HAD BIG MEETING

Returns From Primary of Tuesday Were Canvassed.

THE RESULT WAS ANNOUNCED

With Few Exceptions Every Precinct in the County Was Represented. Bills of Committee Paid—Committee Adjourned Until June 14.

In compliance with the call, the Democratic Executive Committee of Alachua county met at the court house Friday for the purpose of canvassing the returns of the primary election of the 15th inst., and for the transaction of whatever business that might come before the meeting.

The meeting was called to order by Chairman J. F. McKinstry, Jr., who explained its purpose, after which the committee got down to business.

Chairman McKinstry announced as a committee on canvassing the vote, Committeemen A. E. Summers of High Springs, Dr. Lucius Montgomery of Micanopy and T. J. Hammond of Hawthorn.

The committee proceeded to canvass the vote of the various precincts, and the nomination of the various successful candidates was announced as follows:

In announcing the vote for representative, Chairman McKinstry stated that 617 was necessary for nomination. There were three candidates receiving more than the majority, but the highest votes were those for S. L. Carter and T. A. Duke, and he declared these gentlemen nominees.

The entire ticket in the county was elected on the first primary with the exception of candidates for county commissioner in District No. 1, J. H. Cason having failed to secure the necessary vote over John G. Dampier. This primary will be held on June 12.

Committeeman Zetrouer, who was representing the Windsor district as proxy for Committeeman Feaster, stated that he did not appreciate or approve of the election of county commissioners and members of the school board by a vote at large, but thought that such candidates should be nominated or elected by the voters of the district in which they were candidates. Mr. Zetrouer introduced a resolution to this effect, and as the best evidence that he had the right idea, the resolution was passed unanimously.

Committeeman Zetrouer stated that inasmuch as the voting place of Windsor precinct had been changed from Windsor to Roanoke, the name of the precinct should be changed to Roanoke precinct, as under the present name matters would prove confusing. He made a motion to that effect, which was carried.

The committee passed a resolution of thanks to the First National Bank for courtesies, the management having kindly given the committee the use of the adding machine, which saved a great deal of time and work.

Senator McCreary asked the courtesy of the floor. He stated that he was aware that the committee was short of funds, having made the assessment of candidates very low and barely sufficient to cover expenses of the campaign, and assured the committee that the cost of advertising and all other printing necessary to the second primary, June 12, would be given by him gratis. Amid applause, a vote of thanks was tendered Senator McCreary.

During the progress of the meeting the bills of the committee were paid. The committee adjourned to meet on June 14.

The following committeemen were present:

No. 2, LaCrosse, John T. Stokes; No. 3, Alachua, J. E. Fugate; No. 4, Wilford, J. H. Osteen; No. 5, Trenton, A. L. Sanders; No. 6, Newberry, George Taylor; No. 7, Gainesville, J. F. McKinstry, Jr.; No. 8, Hawthorn, T. J. Hammond; No. 9, Island Grove, S. O. Haymaus; No. 10, Micanopy, H. L. Montgomery; No. 11, Archer, George Gibbons; No. 12, Arredondo, T. M. Venable; No. 13, Windsor, Guy Zetrouer, proxy for J. E. Feaster; No. 14, Lake View, J. M. Turner; No. 15, Hague, W. A. Strickland; No. 16, Escala, E. A. Osteen; No. 20, High Springs, A. E. Summers; No. 21, Bell, Thad C. Bryant; No. 22, Campville, J. H. Dyce. Evans Hall of Gainesville, J. D. Watkins of Micanopy and D. G. Roland of Newberry were present as committeemen at large.

Following is the vote as canvassed

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ROYAL PALM MAGAZINE.

June Number of This Popular Journal Will Appear on May 26.

The next issue of The Royal Palm Magazine will appear on May 26th. This will be the June number and hereafter the magazine will appear in advance of the month for which it is issued, as is customary with all magazines. The photographing and electrotyping work of the magazine is done in St. Louis, and it requires nearly three weeks' time for this work to reach Gainesville; therefore in order to put the publication of the magazine in advance as desired, it has been necessary to cut out the April number and consolidate the May issue with the June number.

The publishers are covering the State with their representative and the subscription list is increasing daily. The press of the State have spoken most kindly of the enterprise and we predict a successful career for The Royal Palm.

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for constipation, dyspepsia, malaria, chills and all liver complaints. Mr. C. of Emory, Tex., writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

Stevens Sails for America. Panama, May 1.—Chief Engineer Stevens, of the isthmian canal, who sailed for the United States Wednesday, has conferred with his division engineers, getting together data for the preparation of the report which he will make to the canal commission in the United States.

Half-Sick

When your nerves are weak, when you are easily tired, when you feel all run down, then is the time you need a good strong tonic—Ayer's Sarsaparilla. Your doctor will tell you why it has such power over weak nerves, why it makes the blood rich, and why it gives courage and strength. Ask him if it is not just the medicine you need.

NEWS OF CITY AND COUNTY CONDENSED

Charles Feagle of Montecchia was trading in the city yesterday.

J. Lee Stokes of Micanopy was in the city yesterday and made The Sun an agreeable call.

Col. A. V. Long of Starke, one of the brightest young attorneys in this circuit, is attending court here.

Among those registered at the Brown House is Sam W. Westbrook, for several years a resident of this section but now making his headquarters in Jacksonville, where he is engaged in the commission business. His friends here are delighted to see him again, and to learn that he is prospering.

It is reported that Mrs. Mary Carlton of Micanopy, who recently lost her home by fire, has secured a lease of the Carolina House and will assume immediate charge. It is needless to add that she will make a success of the place, as she will conduct a first-class hostelry, retaining the past reputation of the house in that line.

MELROSE HAPPENINGS.

Items of General Interest from That Sprightly Little Town.

Melrose, May 17.—Mrs. Lee Goodson and little children, from Palatka, are the guests of Mrs. O. C. Husband for a few days.

Miss Mamie Robinson has returned from Fruitland Park, where she was teaching.

Miss Pearl Griner of Anthony has located here as music teacher and has already quite a class.

Miss Lenna Jackson has returned from a pleasant visit to St. Augustine.

Miss Esther Le Gette of Punta Gorda is the guest of her mother, Mrs. S. D. Lawler. Her many friends are pleased to meet her once more.

Mrs. A. A. McRae has been telegraphed for from Orange Park, where her niece, Miss E. Mizelle, is seriously ill with typhoid fever.

Mrs. C. P. Huffman left this morning for a visit to her daughter at Live Oak to welcome a fine granddaughter, who arrived yesterday. All Melrose extends congratulations.

The commissary of the Melrose Manufacturing Company is being moved into the so-called Wilson building, fronting on Bellamy avenue.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

In the Circuit Court.

The circuit court was called to order at the usual time, 9 o'clock, Friday morning, His Honor Judge J. T. Wills presiding, and State Attorney Calhoun in his place.

The business of the court for the day amounted to little, there being only three cases. Two of these cases were for selling liquor in a dry county, and both were convicted. Both defendants were negroes.

The court will convene at 9 o'clock this morning, and the indications are that an adjournment will be taken for the term.

The docket this term has been the lightest of any for years, which shows the decrease in crime and litigation in Alachua county.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

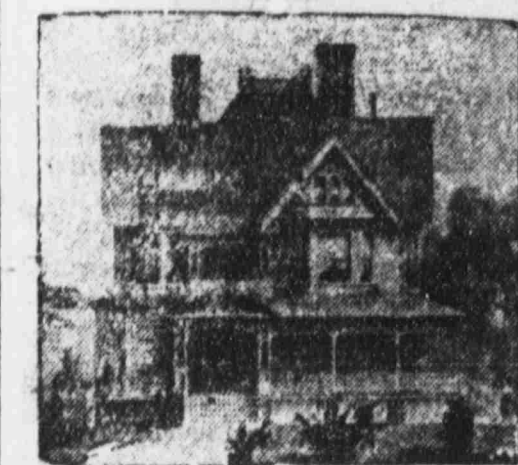

Engine Boiler Exploded.

Harrisburg, Pa., May 18.—Two men were killed and another fatally scalded by the explosion of a boiler of a Northern Central freight engine at Herndon, near Sunbury, Wednesday evening.

ODD FELLOWS' HOME WILL BE HOSPITAL

Building Will Be Turned Over to
the Hospital Association.

LEASED FOR TEN YEARS

This Popular Resort Will be Conducted
as a First-Class Resort for Sick.
Charity Wards to be Constructed
Near the Home.

The National Odd Fellows' Home,
which, as the name indicates, has been
national home for invalid and dis-
abled members of that noble order
since its construction many years
ago, has passed into another manage-
ment. The National Odd Fellows'
Home will be known no more from
the end of this great nation to another
where it has been felt that all Odd
Fellows were welcome, as the resort
is constructed for the purpose of
giving care of them.

At a meeting of the board of trustees
of the Alachua County Hospital Asso-
ciation, which occurred at the office of
the president, Col. W. W. Hampton,
Thursday night, a proposition was con-
sidered from a proper committee rep-
resenting the board of trustees of the
Odd Fellows' Home. This propo-
sition provided that the Hospital
association might have complete
control of the property, which con-
sists of a magnificent brick building
with admirable accommodations, sur-
rounded by fine grounds, for a period
of ten years, the consideration being
the keeping of the property insured
and in repair. Provision was also made
requiring the Hospital Association to
accommodate those Odd Fellows who
might apply for admission to the in-
stitution, either for board or treat-
ment.

The contract having been made for
the Odd Fellows' Home, other business
matters were taken up. The question
of the care of charity patients was dis-
cussed, and it was decided to erect a
number of charity wards on property
near the Home. Bids will be asked
for at once and work will no doubt be-
gin upon these wards in a short time.
The meeting of the board was well
attended.

This Was Some Onion.

Surveyor J. W. Patton has returned
from Lochloosa, where he has been on
professional business for the past two
or three days. Mr. Patton brought
with him an onion which was raised in
the garden of Mr. Mingleford, and
which is evidence of what the soil of that
section is capable of producing. This
onion measured eight inches in diam-
eter, and was not less than three inches
in thickness. It was of a most de-
lightful flavor—that is, as delightful
as onions ever get to be. Mr. Mingle-
ford has quite a "patch" of this vegeta-
ble, and expects to realize handsomely
from the same.

SEWERAGE PROGRESSING.

Force at Work Faithfully, and Work
Being Pushed.

Contractor F. H. Beeman, who re-
cured the contract for the construc-
tion of the sewerage system of Gaines-
ville, is making excellent time. The
force is now working along the Rocky
Point rock road, which leads to the
disinfecting vat, and as soon as this is
completed they will begin work to-
wards this section of the city.

In speaking of the system Friday
Mr. Beeman, who is personally over-
looking the work, stated that Gaines-
ville would have one of the best sys-
tems in the country when completed.
"Some people think that a discharge
into a lake or flowing stream is the
safest," he said, "but the antiseptic
tank or vat, which you people of
Gainesville will have, is the best of
all, since the discharge, when it passes
through the antiseptic tank, is ninety
per cent pure guaranteed."

Mr. Beeman insists that the system
here will be among the best in the
country, and superior to some.

MOVEMENT HAS BEEN GOOD.

Superintendent Cutler Feels Gratified
Over Success of G. & G.

Superintendent J. B. Cutler of the
Gainesville and Gulf railroad has re-
turned from an official visit to Fair-
field and other points south on his
line. The Gainesville and Gulf is one
of the best paying properties in Flor-
ida considering the length, only fifty
miles.

"We feel very grateful for our finan-
cial success during the past season,"
remarked Mr. Cutler. "We are not
only grateful for the financial part,
but we have moved thousands of pack-
ages, running into many carloads, and
we are grateful for the consignments
also, as well as to the connecting lines
for delivering our shipments prompt-
ly."

The Gainesville and Gulf handled
probably the largest vegetable and
fruit movement from this territory
last season, as the road traverses one
of the richest and most prolific track-
ing sections of Florida.

Summer Excursions Via Clyde Line.

The Clyde Steamship Company will
put on a special rate of \$35, Jack-
sonville to New York and return, com-
mencing June 1st, with limit to Sep-
tember 30th. The rate will be for
first-class passage, including meals
and stateroom berth, and they expect
to carry a large number of our home
people. Our suggestion would be to
make your reservation early, which
can be done by writing to F. M. Iron-
monger, Jr., Assistant General Pas-
senger Agent, Jacksonville, Fla.

A Mountain of Gold

Could not bring so much happiness
to Mrs. Lucia Wilke of Caroline, Wis.,

septic healer of piles, wounds and
sores. See at all drug stores.

MR. ALBRIGHT HAD A NARROW ESCAPE

Seaboard Train Demolished His
Buggy and Injured His Horse.

BACKED ONTO THE TRACK

Had It Not Been for the Presence of
Mind of the Man Holding the Horse
He Would Have Been Jerked to
His Death.

A. S. Albright, who resides at 809
Franklin street, N., had an experience
Friday morning which came near cost-
ing him his life, and which he will
not soon forget.

Mr. Albright was driving along
Alachua avenue, and as he crossed the
Seaboard Air Line track in East
Gainesville, he noticed a train in the
distance approaching. After he had
crossed the track he dismounted from
his buggy and held the reins at the
horse's head, as he was aware of the
fact that the animal was afraid of a
train, and he desired to break him of
this. As the train approached, how-
ever, the horse became unmanageable
and backed onto the track, carrying
Mr. Albright with him. The front and
rear wheels of one side of the vehicle
were demolished, and the horse was
badly crippled. Had it not been for
his presence of mind in quickly releas-
ing the reins, Mr. Albright would have
been himself badly hurt, or possibly
killed.

A NEW ENTERPRISE.

Georgia Capitalists Are Interesting
Themselves in Gainesville.

There is something in the wind, to
use the expression, in the matter of a
new manufacturing concern in this
city. The promoters of this scheme,
which is almost sure to materialize,
are from Georgia, and have been here
for the past three or four days. They
are careful as to their movements,
however, and have instructed their at-
torney to keep the plans to himself.

It is not certain what the intention
of these visitors has been, but it is be-
lieved that there is a big manufac-
turing plant on foot which will mean a
great deal for Gainesville from a com-
mercial standpoint. The attorney ad-
mitted that the project was a big one,
and would mean a great deal to the
city from a manufacturing standpoint.

Further information will be given as
soon as the attorney or representative
permits the publication.

DEATH OF MR. FINKLEA.

A Well-Known and Prominent Citizen
Passed Away at Rochelle.

Information was received in this city
Thursday night of the death of E. T.
Finklea, which occurred at his home
in Rochelle during Thursday after-
noon.

Deceased was fifty-one years of age,
and has been a resident of this county
for many years. He was engaged in
the mercantile business at Rochelle
and was one of the most widely-known
and most widely-liked residents of that
section.

The funeral services were conducted
at Windsor at 12 o'clock Friday, the
Methodist minister of that church offi-
ciating. Dr. T. F. Thomas had
charge of the funeral arrangements.

The deceased is survived by a widow
and two children, to whom the sym-
pathy of the community is extended.

And Still They Wed.

Notwithstanding that the summer
season is coming on and the weather is
growing warmer every day, His Honor
Judge Mason continues to issue mar-
riage licenses, and inasmuch as the
general Judge receives two dollars per
he has no complaint to make. The
following licenses were issued Friday:
C. H. Hawkins and Malinda Debose,
Jack Dawson and Hannah Rutledge,
John Davis and Maggie Robinson.

THE REAL TEST

Of Herpicide is in Giving It a Thorough Trial.

There is only one test by which to
judge of the efficiency of any article
and that is by its ability to do that
which it is intended to do. Many hair
vigorizers may look nice and smell nice,
but the point to do they eradicate head-
dandruff and stop falling hair?
No, they do not, but Herpicide does,
because it goes to the root of the evil
and kills the germ that attacks the
papilla from whence the hair gets its
life.

Letters from prominent people every-
where are daily proving that Herpicide
stands the "test of use."

It is a delightful dressing, clear, pure
and free from oil or grease.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Albert Brown, a negro boy of Tampa, had his eye shut out at a dance the other night.

Another stone business block for West Palm Beach. The town is moving right to the front in rapid order.

The twenty-third annual meeting of the Florida State Dental Society convened in the auditorium hall of the Continental Hotel, Atlantic Beach, Wednesday at noon, with between fifty and seventy members present.

The naval stores shipments from the port of Jacksonville for the first half of May amounted to 13,810 barrels. These shipments were made on six steamers of the Clyde Line, to New York and Boston, and one steamer of the Southern Line to Philadelphia.

A negro woman of Hogan, a small town on the Mayport branch of the Florida East Coast, went to Jacksonville with her small son and deserted him. The boy is at police quarters being taken care of until investigation can be made as to the woman's whereabouts.

There is no holding Jacksonville back as a seaport. Now, with twenty feet of water from the city to the bar, shipments are steadily increasing and in about seven months there will be a twenty-four-foot channel, and then you will see Jacksonville forge ahead as a seaport.

By the breaking of a rope which held a suspension ladder to the new Christie-Groover Drug Company's four-story building, East Adams street, Jacksonville, at 9:45 o'clock yesterday morning, A. G. McCreary and Walter Wade, negro painters, were hurled to the ground, a distance of more than fifty feet. Wade fell straight to the earth, striking on his face and badly breaking up his body. His arm and leg were broken, and his body was bruised all over. McCreary, falling in a small shade tree, was only slightly injured.

Postmaster Robbed.

G. W. Fouts, postmaster at River-ton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At all drug stores. 50 cents.

Fell 218 Feet.

Marrodsburg, Ky., May 18.—Frank Ashcroft, while walking along the pike leading to Kentucky river, toppled over the cliff and fell from ledge to ledge until he struck the bottom. His brothers missed him and instituted a search. Finding his hat on the pike, and noticing that some of the rock at the edge had been disturbed, they investigated and found him lying at the bottom. He was unconscious. He fell 218 feet. He will recover.

Stop Grumbling

If you suffer from rheumatism or pain, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for sprains, rheumatism, contracted muscles and all pains—and within the reach of all. Price, 25c, 50c, \$1. O. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a sure remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Halenia discolor*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "In Helonia we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonia (Unicorn root). Pain or aching in the back, with leucorrhoea; stonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habits; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonia, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Italy Demanded Investigation.

New York, May 18.—According to the coroner, Peter Acritelli, lawlessness has reigned for months in the excavation which the O'Rourke Construction company is making for the Grand Central station, and the Italian government has demanded an investigation. The coroner yesterday caused the arrest of John Eldredge, general superintendent of the O'Rourke company, and held in \$1,000 bail on a charge of homicide following the death of Angelo Bemis, an Italian workman. He issued subpoenas for the president of the corporation and to its general foreman.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollam & Co.

World's International Commerce.

Washington, May 18.—The world's international commerce will aggregate fully \$25,000,000,000 in the year 1906 says a bulletin issued by the department of commerce and labor. By the term "world's international commerce," explains the bulletin, is meant the imports plus the exports of all countries of the world from which statistical trade reports were available.

Want Gulfport Harbor Deepened.

Gulfport, Miss., May 18.—The Mississippi Press association meeting here Wednesday unanimously adopted a resolution memorializing congress to make an appropriation for the deepening and maintenance of Gulfport harbor. Copies of the resolution have been sent to Washington by Secretary J. G. McGuire.

Woman Sentenced To Be Hanged.

Baltimore, Md., May 18.—Dr. Thomas S. Lattimer, widely known as a physician, as a professor of medicine at the college of physicians and surgeons, and a prominent ex-confederate soldier, died Wednesday, aged 67. He was a native of Savannah, Ga., but came to this city at the age of 18.

The Seaboard Air Line operates buffet parlor cars between Weldon and Tampa on train leaving Weldon that connects with the morning train from Gainesville.

Ferry Boat at the Bottom.

New York, May 18.—The big double decked ferryboat Baltimore, of the Pennsylvania Railroad company sank in her slip at the foot of Desbrosses street, North river, Wednesday night, after having been in collision with a steam-lighter in midstream. Following the crash the captain of the Baltimore ordered full speed ahead and rushed his boat into the New York slip. The vessel had begun to settle before the last of the one hundred and fifty passengers and the several teams on board had reached the landing stage. All got ashore safely, however, and the crew was summoned to the upper decks before the Baltimore finally settled on the bottom.

Plea for the Rawlings Boys.

Macon, Ga., May 18.—J. J. Jowers, father of Mrs. J. G. Rawlings and grandfather of Milton and Jessie Rawlings, came up from Coffee county with a petition signed by over six hundred citizens of Coffee, Perry and Lowndes counties, which will be presented to the prison commission by Attorney John R. Cooper in his plea for a commutation of the death sentences of Milton and Jessie Rawlings to life imprisonment at the hearing in June. The grandfather has made a most pathetic plea for the lives of the two boys. His petition, turned over to Attorney Cooper was signed by many prominent citizens.

Ben Hungry's Confession.

Vinita, I. T., May 18.—United States Marshal W. H. Darrough has returned with a posse from the Spavinaw hills, where the officers captured Ben Hungry and New Casarute, alleged accomplices of the Wickliffe brothers, the Cherokee Indian outlaws. The prisoners were placed in the United States jail, charged with complicity in the murder of Deputy United States Marshal I. L. Gilstrap and J. H. Vier. Hungry confessed that he was in the fight when Deputy Gilstrap was killed and that Casarute harbored the Wickliffe and Hungry the night before the battle.

DON'T WANT NEGRO CARRIER.

Rural Free Delivery Sensation in the State of North Carolina.

Raleigh, N. C., May 18.—Some days ago it was announced by the postoffice officials here that Thomas McKoy had been appointed one of the rural delivery carriers from Raleigh, succeeding a man named Suggs, who had resigned. It was not, stated that McKoy was a negro. There are no negro carriers in that part of the state, it seems. The news soon got abroad over Suggs' route that the new man was a negro and protests against his doing the work began to pour in. Nearly all the people along the route who get mail are white farmers and these declared that they would rather have the route discontinued than have their wives and daughters go to and from the boxes and transact business with a negro carrier.

The matter has grown and assumed such shape that a protest was sent to Senator Simmons at Washington, the result being that the carrier's assignment has been held up and it seems more probable that some one else will be put on. The people along the route say they are entirely in earnest in stating that rather than have the negro carrier they would do without the mail service, though on this particular route more mail matter was hauled last year than on any other one out of the city.

It is the first complication of the kind which has arisen here. A number of years ago there was a negro clerk at the general delivery window of the postoffice at Raleigh, and such a protest was made that he was transferred and a white man put in his place.

Light Vessel at Brunswick.

Washington, May 18.—The house committee on interstate and foreign commerce authorized a favorable report on an omnibus bill carrying between 20 and 35 projects as "aids to navigation," and authorizing an appropriation of something in excess of \$1,300,000. The bill provides for the construction of lighthouses, lightships, lighthouse dwellings, buoys, etc., on the south Atlantic coast, as follows: Lighthouse station at Pongetague Creek, Va., \$8,000. Light and fog signal station at Ragged Point, Potomac river, \$30,000. The limit of cost of light vessel to be placed off the outer bar of Brunswick, Ga., is increased by \$25,000, making the total \$115,000; the limit of cost for the tender for inspection is increased by \$10,000, making the total \$135,000.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. J. W. McCollum & Co.

Armitage's Head Blown Off.

Greenville, Tenn., May 17.—Charles H. Armitage, a prominent citizen of Greene county, met a tragic death on Tuesday on his farm 8 miles from the town of Greenville. Mr. Armitage had loaded his shotgun, intending to shoot into a flock of crows. The gun, however, failed to fire. Subsequently in attempting to remove the load from the gun, it suddenly discharged and Mr. Armitage's head was blown off, killing him instantly.

William Grows Satirical.

Washington, May 17.—A satirical amendment by Leader Williams, of the minority, amused the house Wednesday. It provides for naming the rival of the British ship Dreadnaught, "Skeered o' Nothing," with a proposal for a contest between the two with the president and cabinet as chief guests. The large battleship was vigorously opposed by Messrs. Tawney and Burton.

Bishop of Exeter Dead.

London, May 17.—The Rt. Rev. Henry Bickersteth, D.D., bishop of Exeter, died here Wednesday. He was born in 1825.

Do You Love

Your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. QUEER MANX CUSTOMS.

Why Natives Ate the Meat Before They Supped the Broth.

Peculiar to itself is the code of laws of the Isle of Man. The laws of England have never prevailed there, and some of the Manx enactments are very curious. One of the earliest enjoined "all Scots to avoid the land with the next vessel that goeth into Scotland, upon pain of forfeiture of their goods and bodies to prison." Another enacted that "Irishwomen loitering and not working be commanded forth of this Isle with as much convenient speed as may be" (1561). The first of these laws was the result of a series of raids on the Manx coast by a Galloway rover named MacCulloch. It is said that it was at this period that the Manx custom originated of "eating the meat before they supped the broth," lest they should be deprived of the more substantial part by the appearance at their doors of this Scotchman and his crew. About this time the parish clerks were ordered "to stand at the church doors at the time of service and whip and beat all the dogs." During the seventeenth century a law was made that "whosoever shall be found or detected to pull horse tails shall be punished upon the wooden horse of the parish, thereon to continue two hours, and to be whipped naked from the waist upward."

Manx deemsters—the high court judges—are still sworn, as they have been for hundreds of years, by the following curious oath: "By this book and the contents thereof, and by the wonderful works that God hath miraculously wrought in the heaven above and in the earth beneath in six days and seven nights, I do swear that I will, without respect of favor or friendship, loss or gain, consanguinity or affinity, envy or malice, execute the laws of this Isle justly between party and party as indifferently as the hering backbone doth lie in the midst of the fish. So help me God and the contents of this book."

Every woman, widow or spinster, in the Isle of Man, whether she be owner, occupier or even lodger, enjoys the franchise for the Manx house of keys elections. Every widow enjoys half of her husband's personal estate and has a life interest in his real estate, and she cannot be deprived of this by will. Her written consent must be obtained to all transfers and deeds affecting her husband's property. On the other hand, no married woman can legally own in her own right either money or property in the Isle of Man. She can have no separate estate unless specially provided before marriage.

ORIGINAL GRETNA GREEN.

Many Came Across English Border to Have the Knot Tied.

A recent writer on the departed glories of the original Gretna Green in Scotland has this to say of the "priests" who did the marrying for the hurrying, anxious persons who came to them from across the English border: "The men who took up the trade of marrying had often been previously engaged in some other occupation. Some were stonemasons, some were weavers and many were border idlers and poachers. Among these last it is possible that a blacksmith may at some time have taken to joining hands instead of iron, but no one of the calling ever rose to fame in the marriage line."

Joseph Paisley, who first made the marriage trade "hum," is described as nothing better than a drunken freebooter. But he was equal to this incident: "On one occasion his services were required simultaneously by two couples, both in a desperate hurry, and after the ceremony it was discovered that, by a trifling mistake, the wrong brides and bridegrooms had been united. 'A well,' said Paisley contentedly, 'jest sort yersels.'"

Eventually the "Gretna priests" became so numerous, competition so keen, that they waited on the English border for the arrival of "customers." None of them obtained a reputation for riches, nor were they able to retire on their earnings, but died in harness. The usual price for celebrating a marriage was half a crown (38½ cents), but one poor couple got off for sixpence, and a still poorer couple for 2½ pence. —Chicago News.

WANGKANG CEREMONIES.

How the Chinese Attract and Then Destroy Evil Spirits.

Recently the Chinese residents of the Straits Settlements had a great procession, called "wangkang," to get rid of a large accumulation of evil spirits, says a writer in the Chicago News. Ceremonies of this sort are held by the Chinese about once in fifteen years. The plan is to construct a richly decorated junk, fill it with dainty eatables, money, live animals, incense and other tempting things and then to take it about the city with music and appropriate singing and great pomp generally.

This causes the evil spirits to come out to see what is going on. Beholding the splendid junk and its rare contents, they crowd inside. Demons of sickness are especially sought for and snared.

After the junk has been sufficiently paraded so that it is chock full of demons, it is burned and the evil spirits perish. Formerly the junk was set adrift on the ocean, but sometimes it was stranded on some island or other, causing great suffering to the inhabitants thus exposed to the attacks of the marooned spirits. So now the junk is burned at the close of each ceremony of the sort.

The Chinese in the vicinity of Singapore spent about \$10,000 in getting rid of their demons this fall.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

The Tourists' Way.

Alpine Traveler.—This is a very dangerous place, you say. And do the poor people who live on the mountain have to travel this way every day? Guide—Oh, no! They are not such fools! They go up by a much easier road. We only bring the tourists round this way. —Pearson's Weekly.

OFFICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that the undersigned will apply to the Hon. N. B. Ward, Governor of Florida, at Tallahassee, Florida, on the 20th day of April, 1906, for Letters Patent incorporating Franklin Phosphate Company with the following charter.

B. F. CAMP,
P. D. CAMP,
P. J. NORFLEET,
J. S. NORFLEET,
D. O. NORFLEET,
F. C. NORFLEET.

ARTICLES OF INCORPORATION OF THE FRANKLIN PHOSPHATE COMPANY.

Whereas, P. D. Camp of Hampton county, Virginia, D. O. Norfleet of Alachua county, Florida, P. J. Norfleet of Marion county, South Carolina, J. S. Norfleet of Hampton county, Virginia, F. C. Camp of Hamilton county, Florida, do associate themselves together for the purpose of forming a corporation, under and in pursuance of the laws of the State of Florida, and do hereby adopt the following charter:

ARTICLE I.
Section 1—The name of this corporation shall be FRANKLIN PHOSPHATE COMPANY, and its principal place of business shall be at Newberry, South Carolina, Florida.

Section 2—The Board of Directors of the Franklin Phosphate Company shall establish branches and auxiliary places of business as they from time to time may provide.

ARTICLE II.
Section 1—The general nature of the business to be carried on by the Franklin Phosphate Company shall be to do and perform all and singular the matters and things that corporations for profit existing under the laws of the State of Florida may and perform under the laws of said State.

Section 2—The general nature of the business to be transacted by the Franklin Phosphate Company shall be the mining, leasing, manufacturing and otherwise acquiring, selling and disposing of all kinds, qualities and descriptions of phosphate, phosphate lands, phosphate products, and in the buying, refining, burning, mining, digging and otherwise acquiring, selling, disposing of crude phosphate from phosphate lands; the building and equipping of railroads and tramroads in connection with the said business; the use of the said business as a carrier; the loaning of money, and making of property or other adequate security therefor; the buying, selling, mining, and in anywise dealing in kinds of merchandise, goods, wares, chattels, at wholesale, retail or commission; to hold, buy, own, sell, deliver, sell, convey, lease or mortgage, pledge, exchange, give or otherwise deal in and dispose of both real and personal property of any nature or kind whatsoever, to do all other things necessary, appropriate, convenient or incidental to purposes herein stated. The foregoing clauses shall be construed as independent business and powers, and no limitation of any specific business or power shall be held to limit or restrict, in any manner, any other business or power of this corporation. This corporation shall also have the power to own and deal in stocks and bonds of other corporations, and to attend and vote such stock at stockholders' meetings, to engage in any of the businesses enumerated herein as a partner with others, be they corporations or individuals.

Section 3—The Franklin Phosphate Company may sue and be sued, plead, be defended, contract and be contracted with, buy, lease, sell or otherwise acquire and dispose of both real and personal property, to lend and borrow money, give and take security, and in fact to do and perform any business or engage in any undertaking, not inconsistent with the above mentioned powers and things.

ARTICLE III.
Section 1—The capital stock of this corporation shall be Fifty Thousand Dollars, to be divided into five hundred shares of the par value of One Hundred Dollars each, and shall be paid for in money, or in lieu thereof, in cash or any portion thereof, to be paid for in property, labor or service at such valuation to be fixed by the Board of Directors, and any part of the capital stock of said Franklin Phosphate Company may be purchased, sold, transferred, or otherwise disposed of, paid for by or with property, labor or service, at a just valuation of such property, labor or service to be fixed by the Board of Directors. And not more than ten per cent of said capital stock shall be subscribed and paid in advance of the organization of said corporation, and the remainder, when subscribed, shall be paid for by the subscribers upon the call of the Board of Directors.

Section 2—The capital stock of this corporation may be increased, in the manner prescribed by law, to One Hundred Thousand Dollars.

ARTICLE IV.
Section 1—The term for which the Franklin Phosphate Company shall exist shall be one hundred years, unless sooner dissolved according to law.

ARTICLE V.
Section 1—The business of the Franklin Phosphate Company shall be conducted by a President, Vice-President, Secretary, Treasurer, General Manager, and a Board of Directors which shall consist of not less than three stockholders.

Section 2—The Board of Directors shall be elected by the stockholders at an annual meeting, by a majority vote of the stock at such meeting; provided, that the Board of Directors may elect a Director to fill the unexpired term of a Director, whether caused by death, removal or resignation.

Section 3—The Directors shall elect, from their number, a President, Vice-President, Secretary, Treasurer and a General Manager at the annual meeting of the Board of Directors; provided, that the office of the Secretary and Treasurer may be held by one and the same person; and that any Director of the corporation may be elected General Manager, although he holds another office.

Section 4—Until the first annual meeting of the stockholders, P. D. Camp, D. O. Norfleet, F. C. Norfleet, P. J. Norfleet and B. F. Camp shall be the Board of Directors of said Franklin Phosphate Company and shall hold their offices until their successors are elected and qualified, and the said P. D. Camp shall be President, B. F. Camp, Vice-President, D. O. Norfleet, Treasurer, and F. C. Norfleet, Secretary and General Manager, and shall hold their respective offices and positions until their successors are elected and qualified.

Section 5—The annual meeting of the stockholders of the Franklin Phosphate Company shall be held at the office of the corporation on the third Thursday in January, 1907, and annually thereafter, and special meetings at such times and by such authority as may be prescribed in the by-laws.

Section 6—The annual meeting of the Board of Directors shall be held on the same day of, but after the holding of the annual meeting of the stockholders, and at the same place.

ARTICLE VI.
Section 1—The highest amount of indebtedness or liability to which the Franklin Phosphate Company can at one time subject itself is Two Hundred Thousand Dollars.

ARTICLE VII.
Section 1—The names and places of residence of the subscribers of said capital stock, and the amount of capital stock subscribed by each, are as follows:

P. D. Camp, Franklin, Virginia, 125 shares.
D. O. Norfleet, Newberry, Florida, 125 shares.
